Ashutosh Jha

Mumbai, Maharashtra | jhaashutosh0811@gmail.com | +91 9323482749

SUMMARY

- Computer Science & Engineering (Cyber Security) student with hands on experience building full-stack web applications with the **MERN stack, Spring Boot,** and **REST APIs.**
- Strong foundation in **Data Structures & Algorithms** and **Object-Oriented Programming** in **Java** with projects.
- Interested in full-stack development, backend engineering, software engineering, and applied AI.

EDUCATION

Thakur College of Engineering & Technology, Mumbai University **2024-2028**
B.Tech. in Computer Science & Engineering (Cyber Security) | CGPA: 7.81 Currently in 5th sem

Bhavan's Junior College, Mumbai University **2022-2024**
Higher Secondary Certificate (HSC) | Percentage: 81.50%

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML, CSS
Frontend: React.js, Tailwind CSS, Redux Toolkit
Backend: Node.js, Express.js, Spring Boot, REST APIs, JWT Authentication
Databases: MongoDB, PostgreSQL, Redis
Tools: Git, GitHub, Postman, Vercel, Render
Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

PROJECTS

AI Interview Ready Platform – MERN Stack
Node.js, Express.js, React.js, Tailwind CSS, MongoDB, Redis, Google Gemini API, Image Kit

- Developed a full-stack AI interview practice platform that generates role specific questions with **Google Gemini** and evaluates answers with scores and feedback.
- Built RESTful APIs using **Node.js** and **Express.js** with **MongoDB** for data management.
- Implemented JWT authentication with **email OTP verification**, resume upload via Image Kit, interview history, and flashcard revision. Deployed on **Vercel** and **Render**.

Job Portal – MERN Stack
Node.js, Express.js, React.js, Tailwind CSS, MongoDB, Image Kit

- Developed a full-stack job portal enabling recruiters to post jobs and candidates to search and apply.
- Built RESTful APIs using **Node.js** and **Express.js** with **MongoDB** for data management.

Expense Tracker – MERN Stack
Node.js, Express.js, React.js, Tailwind CSS, MongoDB, Browser Router

- Developed a personal finance management application for tracking income, expenses, and transactions.
- Designed a responsive user interface using **React.js** and **Tailwind CSS**.

DSA Projects Collection – Java
Graph, OOPs, HashMap, ArrayList, LinkedList, Stack

- Built multiple Java applications demonstrating **Data Structures and Algorithms** concepts, including a Password Manager, Quiz Application, Shopping Cart System, and Social Network Graph.
- Applied **object-oriented programming** principles and core DSA concepts in practical applications.

Portfolio Website – Frontend Development
React.js, Tailwind CSS, Email.js, Hash Router, Responsive

- Designed a responsive portfolio website to showcase projects, technical skills, and achievements, with dedicated project pages and smooth navigation.
