ABOUT ME

B.E. Computer Science & Engineering student with hands on experience building full stack web applications, including a Job Portal, Expense Tracker, and Portfolio Website using the MERN stack. Skilled in React.js, Node.js, Express.js, MongoDB, and Java, with a strong grasp of data structures and algorithms. Passionate about problem solving and modern web technologies.

EDUCATION

B.E. in Computer Science & Engineering (cyber security)

2024-2028

Thakur College of Engineering & Technology, Mumbai University
Currently in 3rd Year | CGPA: 7.81

FYJC / HSC - 81.50%

2022-2024

Bhavan's Junior College, Mumbai University

SKILL

- | | | |
|--------------|------------------|--------------------------|
| • React.js | • TailwindCSS | • Express.js |
| • MongoDB | • Node.js | • Data Structures (Java) |
| • MERN Stack | • Authentication | • Java |

PROJECTS

1. Job Portal, MERN Stack

- Developed a full stack job portal enabling recruiters to post jobs and candidates to search and apply.
- Built RESTful APIs using Node.js and Express.js with MongoDB for data management.

2. Expense Tracker, MERN Stack

- Developed a personal finance management application for tracking income, expenses, and transactions.
- Designed a responsive user interface using React.js and Tailwind CSS.

3. Portfolio Website, React.js & Tailwind CSS

- Designed and developed a responsive portfolio website to showcase projects, technical skills, and achievements.
- Implemented dedicated project pages, smooth navigation, and responsive layouts across devices.

4. DSA Projects Collection, Java

- Built multiple Java applications demonstrating Data Structures and Algorithms concepts.
- Includes Password Manager, Quiz Application, Shopping Cart System, Social Network Graph.
- Applied object oriented programming principles and core DSA concepts in practical applications.
